our philosophy

We believe that it is the right of every individual, who wishes to be a parent to be one.

And at our fertility clinic we provide you with a wide array of options to make that happen at an affordable cost.

At The Baby Basket, our team of incredible, interdisciplinary licensed professionals will guide you to a decision that is right for you.

SURROGACY

It is important to us that these services are accessible to everyone. So at The Baby Basket, we have the funds to help you out and offer you financial assistance for all the options available.

our services

We offer educational services as well as individual sessions with therapeutic counselors, medical specialists, and legal professionals to ensure that the entire process is tailored to your needs.

Yashoda's House

**Adoption
Center**

Our sister agency and adoption center, Yashoda's House, is part of the options that we offer and discuss with our clients.

At Yashoda's house, we have plenty of kids who deserve a family, just as you deserve to be a parent.

NOTE:

**In concern for the child,
we do not allow anonymous
gamete donations, have age
restrictions and require that
all participants must undergo
mandatory educational
& counseling services
offered by the clinic for free.
International Surrogacy
is offered only on a
limited basis to ensure
sincere protection
of the surrogate.**
